## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 1-14 are allowed.

The following is an examiner's statement of reasons for allowance:

Claim 1 recites, "using the shape descriptors, comparing all combinations of query molecule fragments with database molecule fragments for each database molecule to identify the database molecule which has a shape similar to the query molecule". This feature, in combination with additional claimed structure, overcomes the prior art of record.

The reason for allowance of independent claims 2, 3, and 6 is as stated in the Office Action dated 10-6-2004.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen J. Cherry whose telephone number is (571) 272-2272. The examiner can normally be reached on M-F 8:00-4:30.
